

Feras Jaber Abujaber

ORCID iD 0000-0001-5596-1093 (Feras Abujaber)

Assistant Professor of Chemistry at Arab American University.

Feras Jaber Abujaber received his PhD in Chemistry from the University of Castilla-La Mancha in April 2019. He is currently an assistant professor (Part time) in the Faculty of Science at Arab American University (Jenin, Palestine). His field of interest includes various areas of Analytical Chemistry, particularly the development of new sample preparation techniques as well as the evaluation of ionic liquids and nanomaterials for the determination of compounds of clinical, environmental and biological interest using liquid and gas chromatography coupled to optical and mass spectrometric detectors.

He has published 8 scientific articles in well reputed international Journals and has delivered several talks and presented posters in national and international conferences.
