

ESTHER PINILLA PEÑALVER

PhD student at Analytical Chemistry and Food Technology Department at University of Castilla-La Mancha.

ESTHER PINILLA is a PhD student at Analytical Chemistry and Food Technology Department, working at the Regional Institute for Applied Science Research (IRICA, Ciudad Real).

She received her Bachelor of Chemical Sciences from the University of Castilla-La Mancha in 2015. She got her Master's degree in Advanced Laboratory Management and a Specialist title in Quality Management in Chemical Laboratories in 2016. Furthermore, she received her Master's Degree in Chemistry Research in 2017.

She obtained a FPI Predoctoral grant (Research Personnel Training) from Ministry of Economy and Competitiveness in 2018. The research topic is "Development and validation of analytical methodologies that involve the use of nanomaterials for agri-food analysis".
